

Product Photography Lighting Workshop

Date: as listed on Studio Website: <http://www.srgltd.com>

Location: San Francisco-South of Market in a professional Photography Studio which is convenient to Bart, Muni, 280 and the Bay Bridge

David Fischer will be instructing this workshop. Dave has been a Professional Photographer here in San Francisco for over 25 years with major campaign clients such as Hewlett Packard, Dole, Delmonte, Mother's Cookies and Sandisk, just to name a few. Please feel free to visit his website at www.davidfischer.com

Workshop Description:

This will be a 3 hour Product Photography workshop which will demonstrate lighting techniques for multiple shapes including cubes and spheres with an emphasis on showing the dimensional qualities for each. Quality of light using strobes verse constant and harsh verse soft lighting, color temperature and other "laws of photography" will also be included. Lighting of products (food product and retail consumer product) will be used to demonstrate these different aspects of practical commercial product shots.

Studio Description: The studio has high ceilings with a wide range of professional lighting equipment.

Who Should Attend: This workshop is open to all levels of photographers who are interested in lighting for Commercial Photography.

Class Size Limit: This workshop will be limited to a maximum of 8 people

Workshop Fee: \$150.00

Instruction, Hosting, and Support: David Fischer and Rick Hall
